Last week we measured cubic metres.
Dear Parents,

Our student of the week this week is Jacee Lucas. Jacee has worked hard all year across all subjects and demonstrates respect and responsibility at all times. Her attitude towards learning has allowed her to achieve pleasing results. Well done Jacee!

This Thursday we will welcome our Puggles friends to a cultural day to be run by Jim and Bec Herrington. Students and staff will participate in a range of activities including art and cooking. This is, once again, another prime example of our supportive community coming together to further our students’ education.

Our end of term assembly is this Friday to begin at 1:30pm. The assembly allows our community to recognise the amazing efforts of our students and showcase some of our fantastic work from the last 9 weeks. Prior to the assembly we will hold a camp oven lunch at 12:30pm to be dished up by our students and parent helpers. All parents and community are invited to attend. We look forward to seeing you all there.

The P&C will be holding a meeting this Friday which will follow the end of term assembly. There are a number of important agenda items to discuss and plans to be put in place as we move forward. All parents are urged to attend the meeting.

Reports for Semester One will be sent home this Friday. I will be discussing the new report format at the P&C meeting. Parent-teacher interviews will begin next week to discuss your child’s progress and future goals. Interviews can be arranged for before or after school. Please contact the school to book an appointment time that best suits you.

Have a great week everyone.

Brad
