Miss Thompson, Dakota, Jetty, Tilly and Mack
in front of our newly mounted Smartboard
Dear Parents,

Welcome to week 4 everyone!
This week will be yet another extremely busy week. On Tuesday we will be going on a virtual excursion to Botany Bay where we will be joined by an artist who will teach us all about creating natural art pieces using resources found in the environment. This is possible through our Video Conference facility which provides us with great opportunities to learn outside our local community. Feel free to join us if you have a spare hour. The virtual excursion begins at 1:30pm in the Numeracy Learning Hub.

Today, we welcome Alexandra Thompson who will be completing a University Practicum with us over the next 4 weeks. Alexandra will assist our students in the classroom and provide further guidance and support working alongside our maths and reading groups.

This Thursday, Mack, Tilly Graham and Bella will be competing in the Trent Barrett Rugby League and Oz-Tag competition in Gundagai. Mack will play alongside Adelong, Nangus, Gundagai South and Batlow while Bella and Tilly will team up with Adelong. Good luck!

Congratulations to our super spellers this week George and Tilly Benjamin. Well done on getting 100% in your spelling tests!

Our student of the week this week goes to Jack Weston. Jack receives his award this week for working hard on his sounds and writing as well as lining up as a leader during our assemblies. Keep up the great work Jack!

Brad

COMING EVENTS
6 Aug Trent Barrett Rugby League
13 Aug Year 5 REEC Wagga
Tumut Street Stall
14 Aug Highlands Athletics Carnival - Tumut
I see…
Massive glaciers soaring into the sky
Emperor penguins waddling and diving off ice bergs
Ice shelves shattering
Scientist drilling ice cores
Krill fleeing for their life while being chased by whales
Seals swimming as fast as they can to catch the penguins
I see lovely Antarctica

By Connor

Write to a friend or member of your family about living and working on a research station in Antarctica.

To Mrs and Mr Graham

How are you? It Is “AMAZING” in Antarctica. There is so much to see and do and the water in Antarctica is warm because under the water there is a volcano but it did not erupt when we were there.
So how are the farm animals at home?
In Antarctica there are thousands of penguins and other amazing creatures. I miss you very much.
From Tilly
Student Probe - Sam Graham

What is your greatest memory so far of Bongongo Public School?
The Snowy River Camp.

If you could teach any subject at school, which would you teach?
Sport and PE.

Where would be your favourite spot for this year’s school photos?
In front of the bell.

What would be your favourite pet?
A rhinocerous

Which would you choose, one million dollars or a school made of chocolate?
A school made of chocolate 😊.

What is the best thing about living in Adjungbilly?
There is lots of room to do stuff and I live on a farm.

Who is your idol and why?
Jonathan Thurston. He is the best player in the world.

What do you want to be when you grow up?
A football player.

Where is your favourite holiday destination?
Whistler in Canada.
